COTTON REPORT DECLARED CROOKED

Great Wrong Done to Planters of the South.

AN INVESTIGATION IS DEMANDED

Representative Ellerbee Says, in Demanding an Investigation by Congress, that Report Was "Cooked" to Show Big Acreage.

Washington, D. C., June 7.—The estimate of cotton acreage by the department of agriculture has resulted in a demand that the reports on which this estimate was based be sent to congress.

Representative Ellesbee, of South Carolina; President Harvie Jordan, of the Southern Cotton association, and others, will call upon President Roosevelt Wednesday and urge that he take a hand in an investigation into the methods resorted to by the department.

It is claimed by Representative Ellerbee that the figures given out by the department are not warranted by the reports sent to the department. He asserts that there is nothing in these reports to warrant the estimate of increased acreage.

Late Tuesday afternoon he introduced in the house the following resolution:

"Whereas, the department of agriculture on June 4, 1906, made an estimate of the area of land planted in cotton during the current year; and,

"Whereas, it is believed that this estimated acreage is far in excess of the area actually planted in cotton, and is not warranted from the returns received by the department of agriculture from its correspondents.

"Resolved, That the secretary of agriculture be, and is hereby directed to furnish to this house at once the tabulated sheet showing the estimate of acreage made by the seven classes of correspondents, viz.; the field agents, the state agents, the correspondents, the ginners, the special correspondents, and the individual farmers."

Mr. Ellerbee asserts that he knows of his own knowledge, having gotten it from a person who saw the reports received by the department, that there is nothing in them to warrant an estimate of an increased acreage.

In speaking of his resolution and what called it forth, Mr. Ellerbee said: "I introduced the resolution because I have direct and positive information that the returns received by the department of agriculture have been manipulated to the great injury of the south.

"The department has seven sources of information from which this estimate is made. It has about 85,000 correspondents in the cotton belt, and it is fair to say that information from such various sources will, on the average, be more reliable than that from three or four field agents who may be influenced by personal consideration, as others have been in the past.

"I charge and can prove that taking the most numerous class—about 6,000 individuals scattered all over the belt—their returns show a decrease in acreage from last year.

"I further charge that, taking all sources of information except the three traveling agents, the increase would be immaterial.

"I charge that the department is unable to show any returns from its correspondents justifying the absurd increase which they report in Oklahoma and Indian Territory, and venture the assertion that the increase reported there is double what the figures will warrant.

"Judging by my own state and the state of North Carolina, I am sure that the estimate of the department is incorrect.

"I believe in President Roosevelt's courage and honesty. If he wants to give the south a square deal let him send for these figures and look them for himself, and when the committee of agriculture is presented with the facts they will feel as outraged at this prostitution of justice and this evident manipulation of figures that there will be no hesitation in unanimously passing this resolution. When the truth is known the world will be staggered at departmental audacity.

"It was impossible for the south to increase its acreage materially on account of the scarcity of labor, and before the 1st of next October the world will realize what a mistake has been made."

Mystery as to the Killing.

Birmingham, Ala., June 7—Considerable mystery surrounds the killing of D. A. Beavers at Mineral Springs, in this county Monday night. W. D. W. Olive is charged with the crime, and he is still at large. His wife was arrested Tuesday and is in jail charged with complicity. From all accounts, Beavers passed the home of Olive last night about dusk and saw the figure of a woman in the doorway and mistook her for his wife. He called to her to come home with him. When he got home and learned his mistake he returned and apologized to Mrs. Olive. Mrs. Olive late told her husband of the incident, and Olive is said to have gone to the Beavers house and to have awaited on the porch for Beavers and his wife to return from an evening call upon a neighbor, and to have shot Beavers as he came up the walk.

State Crushers Will Meet Soon.

Atlanta, June 7.—The annual meeting of the Cotton Seed Crushers' association of Georgia will be held at Lithia Springs, Ga., on June 19 and 20. Among the speakers at this meeting will be Hon. T. G. Hudson, commissioner of agriculture; Hon. John M. McCandless, state chemist; Hon. C. L. Willoughby, of the Georgia Experiment station; Hon. J. F. Merriman, of N. K. Fairbanks company, of St. Louis, Mo.; and Dr. Zoepffel Quelhorstein, the German consul. Matters of large importance will come before this meeting and it is expected that there will be a large attendance. Circulars announcing the meeting have been sent out to every one interested in the cotton seed crushing industry by J. L. Benton, secretary of the association.

Caught While in Store.

Atlanta, June 7—Robert Alexander, a negro, was arrested by Officers Davis Feller and Jameson Tuesday night while in the act of burglarizing the store of Cline Bros., on Decatur street. He had entered the building through the trap door in the basement, and was seen through the window by the officers passing the store just as he was about to break open the safe. Finding that he was discovered, he attempted to make his escape in the same way by which he had secured entrance, but was arrested just as he made his exit through the trap door. Police officers believe that in him they have the man guilty of robbing a number of Decatur street stores within the last few months.

Engineer Died to Save Train.

Knoxville, Tenn., June 7.—John W. Harrison, engineer on the Southern railway's Washington-Memphis vestibule, died at his post of duty, within one mile of the station at this city Tuesday afternoon. Rounding a sharp curve he saw a freight train standing on the track ahead. Though his fireman jumped, Harrison remained at his post, reversed his engine, turned on the air and died instantly when the crash came. The result of his fidelity to duty was that passengers in the rear coach of his train scarcely knew that there had been a collision. Several freight cars were badly torn up and the tracks at the scene blocked for three hours.

Dedicate National Headquarters.

New Haven, Conn., June 7.—The national convention of the Knights of Columbus resumed its sessions Wednesday. The questions of insurance rates, it is understood was the principal matter under discussion. In the afternoon the new national headquarters were dedicated. The oration will be delivered by Justice Morgan J. O'Brien, of New York.

Grocers Form National Organization.

Buffalo, June 7.—Upwards of 500 wholesale grocers from all parts of the country met here Tuesday for the purpose of forming a national association, the object of which is the enactment of pure food laws and the advancement of their business generally.

ORDER RESTORED AT MEXICAN MINE

So Says Signed Statement to The Associated Press.

GENERAL REVIEW OF THE FACTS

Governor Yzabel, of Sonora, and General Torres, Commander of Northern Zone, United in Signed Statement to Associated Press.

Los Angeles, Calif., June 7.—Governor Yzabel, of Sonora, and General Torres, commander of the northern zone, have united in the following signed statement to the Associated Press:

"Rosaquillo, Mexico, June 5.—Since day before yesterday, order has been re-established and public tranquility is increasing more and more every moment in this mining district. A review of the facts which have happened is as follows:

"On the first day of the month a group of workmen, all Mexicans, abandoned their work, declaring a strike. Going through various departments of the business they induced other workmen to join them and went to the lumber yards, where entrance was denied them by the superintendent of the office by Mr. Metcalf.

"A conflict resulted. The Americans threw a stream of water from a hose upon the Mexicans, and in the riot the American Mr. Metcalf was killed, the office and lumberyard were burned and two Mexicans died. A general disorder followed. The American employes of the concern armed themselves and their partisans on one side, and the strikers on the other, the result being three Americans killed and ten Mexicans. The night was passed in comparative tranquility. On the second day hostilities were renewed, but the announcement of the coming of Governor Yzabel controlled somewhat to calm the minds of all. The governor came at 10:30 a. m., went through the town accompanied by Colonel Greene, president of the mining company and two other persons. They found a number of frou-frou sons representing the government. They found a number of groups of excited Mexicans who listened to the warnings of the governor, but kept on their arms. In the same way the American employes of the company remained armed. In the afternoon, and without any known reason, there was a new disturbance, and firearms were discharged in various parts of the town, as a result of which two of the Americans and six of the Mexicans were killed and a number were wounded. Governor Yzabel endeavored to repress this disorder, but he did not have the force to do it, inasmuch as among the Americans and Mexicans there were more than 3,000 men, many of them armed. The local police force was fireless in the discharge of its duty but it was small in number. In the afternoon of the same day at 2 o'clock there arrived 42 rurales and 20 guards of the fiscal gendarmes. The night was passed in relative quietness. On the morning of the third day, 70 men of the federal forces arrived and 20 of the national guard. General Luis F. Torres came on the third day at 7 a. m., having proceeded from Torrin Rio Yaqui where he received the news. Immediately after his arrival he joined the work of the governor, seconding all his efforts.

"We repeat that order has been re-established and public tranquility is more firmly established each moment. Since the night of the second instant an order was issued that disarmed everybody who was carrying arms—Americans and Mexicans alike and some arms have been seized. Yesterday and day before yesterday passed without the slightest sign of disturbance. Business has been resumed and more workmen are returning to the mines and shops. For the information of persons whom you serve with these we state that the population of Cananea is something more than 15,000 people scattered in villages stretching over the valley and foothills for a length of six miles. (Signed) Louis E. Torres and Raf Yzabel."

MOVE MADE BY STATE.

Terminal Company and Cab Company Are Enjoined.

Atlanta, June 7.—Aorney General John C. Hart has filed a bill in Fulton superior court against the Atlanta Terminal company and the Atlanta Baggage and Cab company praying that each of them be enjoined from refusing to accept and place in the baggage rooms of the Terminal company baggage handled by others than the Atlanta Baggage and Cab company, and whenever such baggage be presented at the baggage room for and by passengers, or persons with a bona fide intent of becoming a passenger, that the defendants be enjoined from refusing to allow baggage to be placed in the baggage room when accompanied by claim checks issued by other persons than the Atlanta Baggage and Cab company; that the defendants be perpetually enjoined from discriminating against any of the traveling public or its agents, in favor of the Atlanta Baggage and Cab company, and restrained from giving priority to baggage handled by said company, and from delaying or hindering, directly or indirectly, the checking of baggage presented by passengers or those intending to become passengers, when presented by persons other than the Atlanta Baggage and Cab company, that the contracts between the Terminal company and said Atlanta Baggage and Cab company be declared null and void in so far as they permit and create a monopoly in favor of the latter company.

Judge Pendleton granted an order requiring the defendants to show cause on cause on June 16, at 9 o'clock, why the prayers of the petitioner should not be granted, and in the meantime the defendants are restained until the hearing from exercising any discrimination in the matter of receiving the baggage of any passenger who has purchased a ticket or a person who enters the terminal grounds with the bona fide intent of becoming a passenger.

Woman Wins Case.

Albany, N. Y., June 7.—The court of appeals Tuesday affirmed with costs, a judgment of $2,262 in favor of Anna T. Fargo, of Wyoming county, against the supreme tent of the Knights of the Maccabees of the World, a fraternal organization. The case is of interest in view of the fact that the plaintiffs husband who held a policy in the organization, committed suicide and despite the fact that the by-laws state that no benefits shall be paid to the survivors of a member who commits suicide, whether sane or insane. The lower courts awarded the plaintiff a verdict and the highest court in the state judgment.

Log Cabin Starts on Journey.

New York, une 7.—The Lincoln log cabin, acquired by the Lincoln Farm association for restoration it its site, started Wednesday on its journey to Hoganville, Ky., on a special train over the Pennsylvania railroad. The cabin, which has been taken apart, will be committed to the care of Captain N. S. Bullet, and an escort of five soldiers of the First Kentuckyk infantry by General Manager Frederick B. Pierce, of the association. The guard will accompany the relic throughout the journey. The cabin will be first re-erected at Louisville as an attraction of the old home week fair.

Threw Children from Burning Building

Chicago, June 7.—The eight children of Joseph Blondewski, ranging in age from 3 weeks to 9 years, were thrown from a second story window by firemen Wednesday when a blaze broke out in their home at 1,098 Maramento avenue. Escape for the children was entirely cut off and all of them must have perished had not the firemen dropped them out of the window, other firemen catching them as they fell. One girl was overcome by smoke, but soon recovered. All of the others were uninjured.

Negro Child Killed by Auto.

Albany, Ga., June 7.—B. M. Wilson, senior proprietor of the New Albany hotel, going out to his suburban farm in an automobile Wednesday, ran over and instantly killed a 4 year-old negro child. The child was holding the hand of an older child while crossing the road, and the little one fell in front of the machine.

MISSISSIPPI TOWN SWEPT BY FLAMES

More Than Eight Hundred Inhabitants are Homelees.

FORCED TO CAMP BESIDE RUINS

So Rapid Was the Fire's Progress that the Entire Population Confined Their Efforts Wholly to Saving Food Supplies.

New Orleans, June 7.—Duck Hill, Miss., a town of one thousand inhabitants, was almost completely destroyed by fire Wednesday, according to a dispatch to the postmaster here.

More than 800 inhabitants were rendered homeless and forced to camp beside their ruined houses.

So rapid was the fire's progress that the entire population confined their efforts almost wholly to saving food supplies. The postoffice was destroyed, together with part of its contents.

Lockout Is Declared.

New York, June 7.—The four trade associations of employers in the building trades employers' association, who employ carpenters, met and passed a resolution declaring a lockout of the Brotherhood of Carpenters to go into effect today. The lockout will affect 12,000 carpenters in the metropolitan district and throw into idleness thousands in other trades. The lockout is to continue until the striking carpenters in Brooklyn return to work in accordance with the arbitration decision of Justice Gaynor. This decision has been submitted to the local unions for a referendum vote of approval. The voting will occupy some ten days.

Situation Quiet at the Mines.

Dillonvale, June 7—Situation at all points in mining subdistrict No. 5 was quiet Wednesday. No attempt was made to start the Mahanna mines, and it is now said they will probably not be opened before next week. No trouble is apprehended at Bradley. At Plum Run additional nonunion miners went to work. One company of militia attached to the fourth Ohio regiment arrived from Bucyrus Wednesday and the Seventh regiment reached here later. While more troops are not needed, it is the intention, it is said, to mobilize the soldiers at this point and order them in camp for a ten days' outing.

Sentiment Favors Bryan.

Indianapolis, June 7.—A strong sentiment in favor of the endorsement of William Jennings Bryan for the Democratic nomination in 1908 is noticeable among the Democrats of Indiana, gathered here for the state convention which will be held tomorrow. Indications are that a strong Bryan resolution will be incorporated in the platform. The resolution committee will meet tonight after being selected this evening at district caucusses. Representative Champ Clark, of Missouri, will address the Democrats at a mass meeting tonight.

Caused Animated Discussion.

St. Paul, June 7.—An animated and somewhat bitter discussion opened the convention of the general federation of women's clubs today. The cause was the rigid enforcement of the rule closing the doors during the reading of the minutes. Many delegates complained that they were shut out from hearing the opening part of last night's musical program because they were a few minutes late.

Gambler Canfield Must Pay.

New York, June 7.—A jury Tuesday awarded to John Delehanty a verdict for the full amount of his claim in his suit for $15,000 counsel fees against Richard Canfield, for legal services, after District Attorney Jerome's raid on Canfield's gambling house in this city.

Sir Frederick Peel Dead.

London, June 7.—Sir Frederick Peel died Wednesday. He was born in 1821 and about 30 years ago held several important governmental positions. From 1880 to 1885 he was secretary of the treasury.

NEW PARADISE IS DISCOVERED

Summer and Winter Tourists Flock to Western North Carolina.

MORE THAN 80 MOUNTAIN PEAKS

Tower Over Five Thousand Feet in "The Land of the Sky"—This Section and "The Beautiful Sapphire Country" Revealed by the Southern.

The day has passed, says The Washington (D. C.) Post of May 25th, 1906, when the tide of travel for pleasure or health or to escape from the heart of the summer months flows Northward. Imagination for a long time lured tourists in that direction in the belief that toward that point of the compass, and that alone, could comfort be found in summer or rest attained by those wearied by prolonged application to business cares

Experience, made possible by the development of the South by the Southern Railway, has shown that in the picturesque portions of North and South Carolina, Virgina, Georgia, Tennessee, and other States of the Southern country, nature has provided the ideal conditions that tend to make a summer vacation healthful, restful and thoroughly satisfying.

One naturally thinks of the South as a winter resort, but the Southern Railway has made it possible for thousands of persons to know that in Western North Carolina the climate is perfect the year round, and that in midsummer that region is ideal.

Whether it be the hunter, the angler, or the idler, the broad plateau, the foothills, and the mountain sides and tops of the picturesque Blue Ridge open day after day new fields for sport and new scenes of rest or recreation. Every desirable spot of this broad plateau, 2,000 feet above the sea, is accessible by the Southern Railway, whose summer schedule has been arranged to meet the particular requirements of summer travel and especially of those who are limited to week-end trips.

The grandeur of the scenery along the line of this road is seen at its best in "The Land of the Sky" and the "Beautiful Sapphire Country," the very names themselves giving some hints of the remarkable beauties unfolded to the visitor.

Asheville is the center of "The Land of the Sky," and radiating from it may be found Hot Springs, Waynesville, Haywood, White Sulphur Springs, Hendersonville, Brevard, Biltmore, Lake Toxaway, and a short distance farther on to the southwest, "the Beautiful Sapphire Country."

It is to the enterprise of the Southern Railway that these now famous sections of the South owe their popularity. They are easily reached by palatial through express trains from New York City, affording every comfort and luxury during the Southern journey. Connections carefully arranged likewise make them accessible from all points in the South and West. It is at Salisbury, N. C., that the tourist from the North gains his first glimpse of the beautiful country. From that point until the train reaches the summit of the Blue Ridge, the route is through a district of constantly changing and exquisite scenery.

The Sapphire country has been compared, and not inaptly, to the far famed English lake district, but this lake region of the South is on a much grander scale. Its mountain peaks tower well into the clouds and its cliffs are twice the height of those in England. Its cataracts and mountain streams come plunging down their rocky beds from far greater distances than the English streams. In the region of the "Land of the Sky" more than eighty mountain peaks tower over 5,000 feet, and twenty-three of them are higher than Mount Washington, the giant of the White Mountains. No longer do the mountain resorts of New Hampshire, New York and Vermont hold sway, for since the erection of the splendid hotels and innumerable hostelries of more modest pretensions in this section, those seeking health, rest, recreation and change have found in this glorious mountain and lake region climate, scenery and comfort—and what more can one want.

There was issued from the press only yesterday an artistic brochure by the Southern Railway telling all about this country. It contains time tables, descriptive matter, the names of resorts, the prices charged, and tells how to get there. It is a complete index to a perfect vacation country, and after reading it no one need be in doubt as to where to spend his vacation, how much it will cost and how to reach it.

463 Cases Disposed Of.

Washington, June 7.—A review of the business of the supreme court of the United States for the term of 1905 1906 which has just closed here, shows that 463 cases, 61 more than in the previous term, were disposed of. Four hundred and eighty-eight cases were added during the term, and 305 cases are still in the docket. For the first time in 35 years the court reached cases in the regular call within eleven months of the date of filing.

A Happy Mother

Will see that her baby is properly cared for—to do this a good purgative is necessary. Many babies suffer from worms and their mothers don't know it—if your baby is feverish and doesn't sleep at night, it is troubled with worms. Dust on the Ocean.

"To talk of a 'dusty' ocean highway sounds absurd, but the expression is perfectly accurate," states a writer. "Every one who is familiar with ships knows that, no matter how carefully the decks may be washed in the morning, a great quantity of dust will collect by nightfall. You say, 'But the modern steamship, burning hundreds of tons of coal a day, easily accounts for such a deposit.' True, but the records of sailing vessels show that the latter collect more dust than a steamer. On a recent voyage of a sailing vessel—a journey which lasted ninety-seven days—twenty-four barrels of dust were swept from the decks! The captain was a man of scientific tastes and made careful observations, but could not solve the mystery. Some, no doubt, comes from the wear and tear on the sails and rigging, but that accounts for only a small portion. To add to the mystery, bits of cork, wood and vegetable fiber are frequently found in this sea dust. Where does it come from?"—Korea News.

Origin of a Famous Saying.

Euclid, who is sometimes called the father of mathematics, taught this subject in the famous school at Alexandria. Being asked one day by the king of Egypt (Ptolemy Soter) whether he could not teach him the science in a shorter way, Euclid answered in words that have been memorable ever since, "Sire, there is no royal road to learning." Not many scraps of conversation have lived, as this reply has, for 2,200 years.

Minerals and Life.

The base of nutrition in all living beings is oxygen, water, salts, carbon and nitrogen. Forster tried to feed dogs on organic substances deprived of nearly all their mineral matter. Death from starvation occurred sooner than if the dogs had been completely without food. M. Herrera says in Revue Scientifique, Paris, "Living beings are but aggregations of mineral substances and biology is but a chapter in mineralogy."

Conservatism.

"Wasn't the execution of the man who stole horses a trifle irregular?"

"It was jes' as reg'lar as we could make it," answered Bronco Bob stoutly. "Course we didn't have no judge or jury handy. But we captured the feller on Wednesday an' put off the hangin' till Friday, so's to have it accordin' to custom."—Washington Star.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thornes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

Odd Chinese Custom.

In China a jar placed on the roof of a house with the bottom end toward the street indicates that the daughter of the house is not yet of age to marry. As soon as she has developed into a marriageable maiden the jar is turned with its mouth toward the street. When the young lady gets married the jar is removed altogether.

There Are Few

A WORD FOR MR. DAMPIER.

Correspondent Thinks He Should Succeed Himself.

Editor Sun: Please allow me space in your valuable paper to say a few words in favor of Mr. John G. Dampier for county commissioner.

Mr. Dampier has served the county in this capacity for several years, and I think he is the right man in the right place, judging from his past work as a county commissioner. He has been cautious, painstaking, prudent, and considers everything well before he acts. The county in every way has grown slowly but stronger and better ever since he has been on the board. No rock roads at all in the county when he went on the board, and today there is over twenty miles of rock roads in the county, and paid for, and more to be built soon, and there is about $62,000 in the county treasury; county out of debt, no bonds to pay interest on, as a great many counties have to do in the State. I feel proud of such county commissioners and the success they are making for the county. Tney have the county's interests at heart and are taking good care of the finances. Some people are grumbling because they don't spend the money as fast as they take it in. I love the old saying, "Lay up something for a rainy day," and our commissioners, I think, are spending it as fast as good judgment will allow them to do, and it is perfectly safe in their hands and will be used in the best manner for the whole people of the county, and no partiality shown to parties or communities anywhere in the county.

I have known Mr. Dampier all my life and I know him to be honest, truthful and sober, and he has always been a fine financier in his own private business as well as for the county, and I feel that no man in the county can fill his place on the board with the knowledge he has of the affairs of the county as well as Mr. Dampier can. I feel that the county will make a big mistake if he is not elected to succeed himself. We know from the past if he is elected the county will continue to grow and prosper, and, we, as a county, can continue to boast we have the banner county in the State of Florida.

Respectfully,

PETER GRUBBS, JR.

Unknown Friends.

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of this remedy. They have done much toward making in a household word by their personal recommendations to friends and neighbors. It is a good medicine to have it the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by all druggists.

LITTLE BABY'S AWFUL HUMOR

Thin Skin Formed Over Body and Under it Was Watery Blood—When Washed it Would Burst and Break—Suffered for Weeks—Now Sound and Well—

CURED IN ONE WEEK BY CUTICURA REMEDIES

"When my little girl baby was one week old she had a skin disease. A thin skin formed over her body and under it was watery blood, and when she was washed it would burst and break. She was in that condition for weeks, and I tried everything I could think of, but nothing did her any good. When she was three months old I took her to San Antonio to see a doctor, but the doctor we wanted to see was not at home, so my sister gave me a cake of Cuticura Soap and half a box of Cuticura Ointment, and told me to use them, which I did in time. I used them three times, and the humor began to fade, and in one week she was sound and well, and it has never returned since. I think every mother should keep the Cuticura Remedies in the house. Yours truly, Mrs H. Aaron, Benton, Texas, July 3, 1905."

WEEPING ECZEMA

"I have used the Cuticura Remedies for some years past. The Cuticura Soap we are never without, and the Ointment is the finest in the world. It has done wonders in curing my little girl of weeping eczema. Respectfully, Mrs. J. E. Mersdorff, 310 W. 3rd St., Madison, Ind., June 27, 1905."

SLEEP FOR BABIES

Rest for mothers, instant relief and refreshing sleep for skin-tortured babies, in warm baths with Cuticura Soap and gentle anointings with Cuticura Ointment, the great Skin Cure, and purest of emollients.

Sold throughout the world. Cuticura Soap, 25c., Ointment, 50c., Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60). Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Had a Big Time at Conclusion of the Regular Meeting Tuesday

A luncheon was held after the regular convention of Mount Vernon Lodge No. 20, Knights of Pythias, Tuesday night in their castle hall, after the routine business of the lodge was concluded.

The tables were spread and loaded with delicious ice cream and cake, and a goodly number of the members proceeded to do justice, after which a smoker was enjoyed and the customary toastmaster proposed the toasts, which were responded to by each Knight called upon and each excelled all former efforts and gave expression to much fine thought and elevated sentiment.

The speakers were Knights A. M. Cushman, C. C. D. M. Tomkies, W. T. Pound, T. B. Ellis, Jr., Strunk, L. J. Burkhim, A. J. Foskett, W. D. Dickinson, J. H. Colson, J. A. Robertson, R. T. Schafer, W. S. Broome, J. A. Peifer, C. F. Dorman, M. B. Saunders, C. C. Pedrick, N. R. Carter, M. Endel, Rev. S. B. Rogers.

After a pleasant hour spent in expressions of loyalty to our great order and each other, good night was said, and all retired wishing for an early repetition of social pleasure afforded those present.

CATARRH A GERM DISEASE.

Breathe Air Medicated by Hyomei and Kill the Germs.

Now that physicians and scientists universally agree that catarrh is a germ disease, the reason for the failure of the old-fashioned stomach-dosing in this trouble is readily seen.

Prior to the discovery of Hyomei, a treatment which cures catarrh filling the air you breathe with germ-killing and healing medication, statistics showed that at least ninety-seven out of every hundred persons in this State were suffering from catarrh of some form.

The treatment with Hyomei is very simple and pleasant. A small inhaler comes with every outfit and three or four times a day Hyomei is breathed through this, making the air at that time like that found on the mountains where the pine forests give off their fragrant and healing balsams.

The complete outfit costs but one dollar, while extra bottles can be obtained for 50 cents. J. W. McCollum & Co. have seen such remarkable results from the use of Hyomei that they sell it under an absolute guarantee that it costs nothing unless it cures.

MELROSE JOTTINGS.

Term of School Closed and Enjoyable Picnic Indulged in.

Melrose, June 8.—The ending of the eight months' school term was celebrated by a joint school and Sunday school picnic on Friday at the spring. After a fine program of exercises at the M. E. Church all went to the Spring and enjoyed the day with games, etc., croquet and swings being provided. There was a large attendance, Waldo, McMeekin, Orange Heights and other places being represented.

The trees in town are having their annual trimming and look much the better for it.

A five-and-a-half foot alligator was killed in the Cove yesterday, much to the relief of the boys who go in swimming.

There is some talk of celebrating the Fourth of July in town. A meeting to draw up a program, etc., will be called shortly.

Decoration Day was observed as usual by Mrs. M. E. Mahan, who always provides flags and flowers for the graves of Federal soldiers buried here.

T. A. Birt has bought the motor launch of Col. Tolles to be used for his daily trips to the Pumpkin Patch, where he has a very fine truck garden. The boat is very fast and is a big improvement on the sail boat used heretofore.

Bad Habit.

"So you lost your position?" we ask of our young friend, who has demanded our sympathy.

"Yes; the firm told me I would have to quit."

"What reason was given?"

"I smoked cigarettes."

"Why, that seems hardly a sufficient reason for such drastic action."

"Yes, but I was smoking the boss' cigarettes, and he caught me at it."—Judge.

Just His Luck.

"I long to go about doing good," said Mrs. Henpeck.

"Don't hang back on my account," replied Mr. Henpeck wearily. "I know a woman who will come to take care of the children for her board and clothes."

Then she flared up and wouldn't go.—Chicago Record-Herald.

Mrs. Gadby. Does your husband furnish you with plenty of pocket money?

Mrs. Gibbly. Yes indeed. He leaves his money in his pocket every night.—Baltimore American.

The human body being lighter than the water of the Dead sea, swimming in it is difficult, the head alone tending to sink in the water.

Where Financial Plan Fails.

"What we need is not a larger supply of money, but more highly developed forms of credit."

"That's just it. But do you know that sort of thing wouldn't go with my tailor."—Boston Commercial Bulletin.

An Anomaly.

The average young woman doesn't wish to see her thirtieth birthday. Yet when she has seen it she would like to see it again.—Smart Set.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectually cures dandruff as it destroys the germ that causes it. The same germ causes hair to fall out and later baldness. In killing the Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. FROM GIRLHOOD TO WOMANHOOD

Mothers Should Watch the Development of Their Daughters—Interesting Experiences of Misses Borman and Mills.

Every mother possesses information which is of vital interest to her young daughter.

Too often this is never imparted or is withheld until serious harm has resulted to the growing girl through her ignorance of nature's mysterious and wonderful laws and penalties.

Girls' over-sensitiveness and modesty often puzzle their mothers and baffle physicians, as they so often withhold their confidence from their mothers and conceal the symptoms which ought to be told to their physician at this critical period.

When a girl's thoughts become sluggish, with headache, dizziness or a disposition to sleep, pains in back or lower limbs, eyes dim, desire for solitude; when she is a mystery to herself and friends, her mother should come to her aid, and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change, and start this trying period in a young girl's life without pain or irregularities.

Hundreds of letters from young girls and from mothers, expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them, have been received by the Lydia E. Pinkham Medicine Co., at Lynn, Mass.

Miss Mills has written the two following letters to Mrs. Pinkham, which will be read with interest:

Dear Mrs. Pinkham:— (First Letter.)

"I am but fifteen years of age, am depressed, have dizzy spells, chills, headache and backache, and as I have heard that you can give helpful advice to girls in my condition, I am writing you."—Myrtle Mills, Oquawka, Ill.

Dear Mrs. Pinkham:— (Second Letter.)

"It is with the feeling of utmost gratitude that I write to you to tell you what your valuable medicine has done for me. When I wrote you in regard to my condition I had consulted several doctors, but they failed to understand my case and I did not receive any benefit from their treatment. I followed your advice, and took Lydia E. Pinkham's Vegetable Compound and am now healthy and well, and all the distressing symptoms which I had at that time have disappeared."—Myrtle Mills, Oquawka, Ill.

Miss Matilda Borman writes Mrs. Pinkham as follows:

Dear Mrs. Pinkham:—

"Before taking Lydia E. Pinkham's Vegetable Compound my periods were irregular and painful, and I always had such dreadful headaches.

"But since taking the Compound my headaches have entirely left me, my periods are regular, and I am getting strong and well. I am telling all my girl friends what Lydia E. Pinkham's Vegetable Compound has done for me."—Matilda Borman, Farmington, Iowa.

If you know of any young girl who is sick and needs motherly advice, ask her to address Mrs. Pinkham at Lynn, Mass., and tell her every detail of her symptoms, and to keep nothing back. She will receive advice absolutely free, from a source that has no rival in the experience of woman's ills, and it will, if followed, put her on the right road to a strong, healthy and happy womanhood.

Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of cures of female ills of any medicine that the world has ever known. Why don't you try it?

The Jacksonville baseball team is now at the bottom of the league and Augusta at the top. Poor Jax.

The municipal ownership ticket was successful at the election in Tampa last Tuesday. W. H. Frecker was elected mayor by 183 plurality, and a majority of the aldermen elected are pledged to municipal ownership of public utilities. Good for Tampa.

The last eruption of Mount Teddy was notable for the vast amount of noxious gases emitted. Tillman accurately, as well as poetically, described the effect of it, when he said: "I counted two and seventy stenches, all well defined, and several stinks."

And still they come. The Missouri Democrats have endorsed Bryan for President in 1908. One of his most bitter opponents, former Governor David R. Francis, made a strong speech in favor of him, and the names of Bryan and Cleveland were cheered in unison by the convention.

There seems to be more trouble brewing between the Senate and the President over the type of canol to be built at Panama. The Senate fears earthquakes will put the lock type out of business, and Teddy fears that some one else will get the credit for infallible wisdom besides himself. The people who are paying the bills fear they will never see the canal finished, either lock or sea level.

The East Coast is shipping pineapples heavily and it is estimated that the crop of that section will reach 400,000 crates. There seems to be good money in the business over that way. The pineapple has almost disappeared from this section—not because we could not raise the fruit to perfection, but because something always seemed to be wrong with the markets or the commission houses at the other end of the line.—Tampa Times.

Miami has grown to such an extent as to require the holding of sessions of the United States Court there, and the House on Tuesday passed Senator Taliaferro's bill providing for the same. This reminds us of an incident that occurred a few years ago when the East Coast Railway was completed to the then hamlet of Miami and Mr. Flagler invited the lamented H. B. Plant to attend a celebration of the event. Mr. Plant wired Mr. Flagler as follows: "Where is Miami?" Mr. Flagler answered in his usual happy vein: "Just follow the crowd."

On May 23rd Mr. Aldrich reported from the Senate Committee on Finance a joint resolution providing "That purchasers of material and equipment for use in the construction of the Panama canal shall be restricted to articles of domestic production and manufacture, unless the President shall, in any case, deem the bids or tenders therefor to be extortionate or unreasonable." The practice of giving the President power to suspend the operation of a general law for a particular purpose is contrary to our theory of government, and if this resolution passes it will constitute a very dangerous precedent. If domestic manufacturers charge extortionate prices, the general tariff law which allows them to do so should be repealed.

THE WORLD BETTER.

Current opinion to the contrary notwithstanding, the world is getting better all the time, says The Wall Street Journal.

Neither tainted meat, nor tainted money, nor Standard Oil rebates, nor railroad discrimination, nor insurance graft, nor political corruption, nor special privilege, nor yellow journalism, nor monopoly prices, nor closed doors, nor unfair competition, nor overcapitalization, nor stock jobbery, nor bombs, nor lynch law, should blind us to this fact.

The world is better. It is better than it was a thousand years ago, or a hundred years, or fifty years, or even one year ago. It would not be difficult for an expert commission to establish that fact. It is pleasanter and safer to live in. Life in it is fuller and sweeter and truer and more useful. Opportunity for ambition and enterprise and service was never so grand as it is now. There is more health, more sanitary protection against disease, more scientific treatment of the insane and afflicted, more regard for the poor, better wages, shorter hours of labor, and finer tenements for the workmen.

The world has been brought closer together. Commerce has made the globe a neighborhood. There is a keener sense of brotherhood between different peoples and nations. Crime has been made more difficult, and war less frequent. Traveling has been made a pleasure, a means of recreation. Cities are safer to live in, and the country has been rescued from its loneliness by telephones, trolleys and good roads. We have better food, better clothes, better houses, better schools and better churches, and more hospitals and institutions of charity, science and reform, than ever before in all the history of the world. Never did women hold so exalted a position in the life of the world as today, and never were the rights of children, for both education and play, so safeguarded. Books have become the common possession of the multitude. The press, with all its shortcomings, was never so truly the vehicle of truth as now. Society, with all its gross extravagances and display, was never so free from impurity and reckless disregard of the rights of others as it is today. In business, when was there a time when the inviolability of contract was held in higher regard, when was the oral promise, never broken, so universally the basis of transactions in the great markets?

Modern commerce, carried on by banks and corporations, has indeed developed new modern sins of a type not known to our forefathers. But, how marvelously sensitive has become the modern conscience to these new sins, how quick the disclosure, how swift the condemnation by public opinion?

If ever you are overwhelmed in pessimism by the muck rake revelations, open the books of history and biography. Study the conditions existing when your father and his father, and father's father, lived. Take note of how much better off you are than your ancestors, and then do your part to make the world still better for those who come after you. Remember, also, how fast progress is made nowadays. The "thousand years that are as one day" have become as even one hour.

The magazine muck rakers failed to discover the rich bed which the Interstate Commerce Commission has just uncovered in its investigation of the Pennsylvania and the Baltimore and Ohio companies. No doubt they will kick themselves. But they will have the consolation of knowing that the Supreme Court of the United States can't even see a muck bed when it is pointed out to them, if those particular railroad companies are mixed up in it.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of small and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

If the government of the United States may buy supplies in the cheapest market, as it has been doing of late, without paying Dingley duties, why mayn't the rest of us enjoy the same privilege? Why should not the States be allowed to buy cement and other building materials abroad for their own use? Why should not the cities and towns have the same right? Why shouldn't every man be allowed to save his money by purchasing at the lowest price? The only fair answer to these questions is that the Carnegies, Schwabs, Havemeyers, Dupon's, and the like, won't let their Republican friends in Congress give us a square deal.

GREAT WARSHIP SCARES BACON.

Georgia Senator Says Next Thing will be $15,000,000 Battleship.

Washington, June 7.—The senate Tuesday took up and passed the naval appropriation bill. There was no discussion of the bill until provision for a new monster warship was reached. Replying to Senator Kean, Senator Hale said the final cost of the vessel armor and armament included, would be about $11,000,000, or twice as much as the Oregan had cost. He moved an amendment, which was accepted, requiring the secretary of the navy to report to congress giving the dimensions, displacement, etc., of the vessel before issuing proposals for its construction.

Discussing the amendment, Senator Bacon expresed apprehension that this would be the only vessel of the many of the same dimensions to be made. Such a consequence would be immense and appalling, he said, and predicted that the next advance would be to a $15,000,000 ship.

Senator Tillman thought it time to call a halt in the increase of the cost and size of vessels.

"We are getting bigger and bigger like the frog that tried to emulate the ox," he said, "and if we don't look out, we'll pop."

Mr. Hale said that with present plans realized, our navy would be the second best in the world—more effective if not so large as the French navy and he did not believe that hereafter more than one ship a year would be necessary.

Senator Lodge said the United States had fewer obsolete ships than any country in the world.

On motion of Senator Dick, the pay and allowances of chaplains was made the same as those of officers of the medical and pay corps.

Placed in Hands of Receiver.

Columbus, O., June 7.—Upon the application of the stockholders of the Midgely Wheel company, which was taken over by the rubber trust in New York several days ago, the company was Tuesday placed in the hands of attorney Ralph Westfall, as receiver. The applicants, J. O. Johnston, and Superintendent Spear, are among the minority holders and are displeased with the sales of the plant. The deal was consumated while Mr. Johnston was on a tour in Europe without his knowledge, or without the consent of others. The bond of the receiver was placed at $50,000.

Abundant Harvests in South Russia.

Odessa, June 7.—The South Russian harvest promises to be the most abundant in the last twenty years. There is some anxiety as to whether sufficient labor will be available as in consequence of the present political situation, the garrison commanders have issued instructions that the army reserve men shall not be allowed this year to hire themselves to the farmers. In many districts the great land owners are alarmed as the peasants threaten to strike as soon as the crops are ready to cut.

Desperae Attempt to Escape.

Selma, Ala., June 7.—Robert Richardson, a negro, sentenced to be hanged in Marengo county for the murder of Dr. Fosque, near Demopolis, made a desperate attempt to escape jail here where he has been confined for safe keeping. After a fierce struggle with deputies he was overpowered. Richardson's brother was condemned for the same crime and was killed while attempting to escape four or five months ago. Richardson has repeatedly declared that he will never be hanged.

Woman Perished as Home Burned.

Stonewall, Ga., June 7.—The residence of Benjamin Misterfeldt was burned Tuesday afternoon about 3:30 o'clock. The opinion of the family is said to be that the wife of Mr. Misterfeldt set fire to the bed clothing, for she was alone and when assistance reached the house they had to break the windows and doors down to get in. It is believed that Mrs. Misterfeldt also perished in the flames, for she has not been found. Mrs. Misterfeldt has been in very bad health for some time, her mind being unbalanced. She very often talked of killing herself, it is alleged.

Plead Guilty to Charge.

New York, June 7.—Assemblyman Max Eckmann, of this city, pleaded to a charge of conspiracy with four notaries, Henry McIrose, George Hyman, Emmanuel Dollinder, and Louis Levine, were fined $100 each by Justice Scott who said also he would ask Governor Higgins to cancel their certificates as notaries. Eckmann was paroled in the custody of his counsel to await sentence.

Why Castro Won't Relieve Gomez.

Washington, June 7.—President Castro's desire to remain in retirement for the benefit of his health is the only reason for his refusal to relieve President Gomez of the responsibility of running the government, according to mail advices received Tuesday by the Venezuelan legation, which throw no new light on the perplexing political situation in the Venezuelan capital.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Co.

Rode 8,700 Miles in 8 Months, 4 Days.

St. Petersburg, June 7.—Captain Byloff, who left the front in Manchuria shortly after the peace treaty was signed, arrived in St. Petersburg Tuesday. He rode the entire distance, about 8,700 miles, in eight months and four days. His horse, which was of English breed, was in good condition when the journey was finished. The captain's orderly, who was his sole companion, had a Mongolian mount.

Death From Lockjaw

Never follows an injury dressed with Bucklen's Arnica Salve. Its antiseptic and healing properties prevent blood poisoning. Chas. Oswald, merchant, Rensselaersville, N. Y., writes: "It cured Seth Burch, of this place, of the ugliest sore on his neck. I ever saw." Cures cuts, wounds, burns and sores. 25c at all drug stores.

Tucker Case Heard.

Boston, June 7.—Governor Guild on Tuesday gave a hearing to counsel for Charles L. Tucker, the condemned murderer of Mabel Page, on the application in behalf of the prisoner for a commutation of the death sentence to imprisonment for life. The application was made on the ground of newly discovered evidence, the governor reserved decision.

Negro Murderer Hanged.

Fernandina, Fla., June 7.—William Waters, alias "Curley," the negro convicted of brutally murdering four other negroes, was legally hanged here Tuesday.

An Alarming Situation

Frequently results by neglect of clogged bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills; the best and gentlest regulator of stomach and bowels. Guaranteed by all druggists. Price 25c.

A Transformation Scene.

A fashionable audience in Paris listened to a lecture on chemistry by a celebrated chemist. At the conclusion of the lecture a lady and gentleman who were among the first to leave the hall had reached the open air when the lady caught her escort staring at her. "What is the matter?" asked the madame in surprise. "Pardon me, but you are quite blue!" The lady returned to the hall and approached a mirror. She started back in horror. The rouge upon her cheeks had been converted into a beautiful blue by the chemical decomposition which had taken place under the influence of the gases which had been generated during the lecture. The majority of the women in the audience had suffered in a similar manner. There were all sorts of colors—blue, yellow, violet and black. Some whose vanity had induced them to put ivory on the skin, coral on the lips, rouge on the cheeks and black on the eyebrows had undergone a ludicrous transformation.

Fortunes In Picture Frames.

Some splendid picture frames may be seen every year at the Royal academy exhibition, but the finest and costliest frame ever made for a picture was that which incloses the "Virgin and Child" in Milan cathedral. It is made of hammered gold, with an inner molding of lapis lazuli. The corners of this valuable frame have hearts designed in large pearls and precious stones. Some idea of its value may be gained when it is stated that the frame is eight feet long and six feet wide. Its estimated worth is £25,000. One of the pictures in the Vatican at Rome is in a frame studded with jewels. The picture is a valuable one, but the frame nearly equals the value of the painting.

Poor Conditions.

"Ask papa tonight," suggests the gentle girl to her adorer. "He is in such a good humor because he got the better of some man in a business transaction today."

The adorer shakes his head doubtfully.

"I believe I'd better not," he sighs. "I am the man he got the better of, and he would be sure to say that he couldn't let his daughter marry a man so unsuccessful."—Judge.

A Personal Bill of Fare.

A squire of Andover once hired a brother of Patrick, who was in his employ. The terms were made with Pat before his brother's arrival, and the following conversation ensued:

Squire—I'll pay your brother one fifty a day, Patrick.

Patrick (bowing and smiling)—Yis, sor; yis, sor; and will he ate himself or will ye ate him, sor?

The squire thought that Dennis had better eat himself.—Lippincott's.

Faithful to the Law.

"Why did you let him get away from you?" thundered the chief.

"He—er—took a mean advantage of me," replied the green detective. "He ran across the grass in the park, and"—

"Well?"

"Well, there was a sign there, 'Keep Off the Grass!'"—Philadelphia Press.

Following the Flag.

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissary Sergeant, U. S. A., of Rural Route No. 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at all druggists'. Price 50c and $1. Trial bottle free.

Two Are Killed by Lightning.

Fayetteville, Ga., June 7.—Lightning struck and killed instantly Glenn McGough, son of B. L. McGough, and Russel, his grandson, while standing on the back porch of his residence at this place about 6:40 o'clock Tuesday afternoon. Glenn was 33 years of age and Russel 15.

Tramp Killed in Wreck.

Macon, Ga., June 7.—Five cars were derailed in a freight wreck on the southwestern division of the Central railway at Walden and a negro tramp, Buss Holloway, aged 20 years was caught under the wreckage and killed outright and another negro was seriously injured.

Bessie LaSalle Given Liberty.

Tampa, Fla., June 7.—Bessie LaSalle, of Atlanta, who was brought here on the chage of theft, has been released from jail on bond of $300, furnished by Atlanta parties. The woman says she is innocent of the charge, and will prove so on the stand.

Big Reward Offered for Briber.

Indianapolis, Ind., June 7.—Governor Hadley has issued a proclamation offering a reward of $3,000 for the arrest and return to Marion county, of Oscar A. Baker, who is now under indictment for attempting to bribe a member of the general assembly.

Farmer Dies Suddenly.

Chattanooga, Tenn., June 7.—Jas. Barnes, a prominent farmer and confederate veteran of Sequatchie Valley, Tenn., fell dead at Kimball, Tenn., Tuesday morning. He was on an accommodation train enroute to this city.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended, but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co

Mexico's Fans.

In Mexico fans were used long before the conquest, and when Montezuma heard that the Spaniards had landed and were about to visit him he sent for goldsmiths and lapidaries and ordered, among other gifts which were to be offered to Cortes, two feather fans ornamented with a sun and moon of highly polished gold. Like the Japanese and other ancient nations, the Aztecs evidently considered the fan an emblem of authority, for they generally placed it in the hands of Ometeuctli, god of paradise, and of Totec, the military disciple of Quetzalcohuatl.

Weighing the Anchor.

A young lady, who had no knowledge of nautical phrases, asked a friend, "Do you know, I often wonder why a ship has to weigh its anchor every time it leaves port?" The answer of her friend was not illuminating—"Well—er—the weight is constantly changing, you know, because of the—er—minnacles and things that accumulate on the anchor"—London News.

POLITICAL ANNOUNCEMENTS

For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court.

Respectfully,
JOS. M. RIVERS.

To the Voters of the Eighth Judicial Circuit:

I am again a candidate for the office of State Attorney, and respectfully solicit your votes on the 12th day of June. I have earnestly endeavored to do my full duty and ably discharge the duties of the office for the past three years. I have practiced law for thirty years. I was four years Solicitor of the Criminal Court of Putnam county, three years State Attorney, Eighth Circuit. My fifty years of experience and citizenship enable me to give you a better administration for a second term. I call your attention to the vote declared for State Attorney by the State Executive Committee: Calhoun 1500, Rivers 1124. Feeling grateful for the splendid vote given me which places me the leading candidate in the recent primary, I am, Yours truly,

BENJAMIN F. CALHOUN.

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I promise the faithful and energetic discharge of the duties of the office to the best of my ability to the State, and, if the voters of the circuit favor me with the nomination, I pledge them that the interests of the State and of society shall not suffer through lack of my zeal or of mine.

THOS. W. FIELDEN.

Starke, Florida.

For County Commissioner.

At the earnest solicitation of friends over the district J. H. Cason has consented to make the race for County Commissioner for District No. 1 and his friends ask the support of all Democrats at the coming primary election.

Lacrosse, Fla., April 11, 06.

After reading the above notice of Mr. John G. Dampier in regard to the funds of this county during his administration as County Commissioner, his many friends hereby announce his candidacy for re-election to this important office from District No. 1. Let all Democrats interested in a judicious expenditure of the public monies rally to his support at the approaching primary.

NOTICE OF

PRIMARY - ELECTION

—TO BE HELD IN—

Alachua County, Tuesday, June 12, 1906

—TO—

Nominate Democratic Candidates.

Notice is hereby given that at a regular meeting of the Democratic Executive Committee of Alachua county, held in the City of Gainesville on Wednesday, March 14, 1906, the following preamble and resolutions were adopted:

Whereas, The Democratic State Executive Committee has duly called a primary election to be held in Alachua county on June 12, 1906, and it is the duty of the County Democratic Executive Committee to hold said primary election in each voting precinct of the county, in accordance with the terms of said call for primary election; now, therefore, be it

Resolved, First—The Democratic County Executive Committee for Alachua county, Florida, hereby calls and provides for the holding of a Democratic primary election, to be held in conformity with the terms of the call by the State Democratic Executive Committee issued on the 24th day of February, 1906, said primary election to be held in each voting precinct of Alachua county, on the 12th day of June, 1906, in accordance with such instructions as are given by this committee to the inspectors and clerks of election of said election, agreeable to the terms of the call issued by the Democratic State Executive Committee.

Second—Each elector in the precinct qualified to vote in said primary shall have the right to vote for the following officers and positions:

One State Attorney for the Eighth Circuit,

One County Commissioner for the First District.

Third—This committee will meet in accordance with the call of the State Executive Committee on the 14th day of June, 1906, at the county court house to canvass the returns of said primary election, declare the result, and transact such other business as may come before said meeting.

The following rules shall govern the said election:

The general election law shall be observed as near as practicable as to the manner of voting.

All white Democrats who will suport the nominees and who were qualified to vote in the first primary, shall be allowed to vote.

The polls shall open at 8 o'clock a. m. and close at sundown.

Immediately after closing polls the inspectors shall canvass the votes publicly, and make out a correct report and certify to same, showing number of votes received by each candidate, and deliver same, together with poll lists and ballots, to the executive committeeman for that precinct, who shall bring same to Gainesville on or before June 14th, and deliver said box and papers to the chairman of the executive committee, to be canvassed by the committee.

All persons voting in this primary obligate themselves to support the nominees thereof.

No tickets shall be used except those furnished by the executive committee.

Each member of the executive committee is required to provide a polling place, and render bill to the committee.

The following persons are hereby appointed inspectors for said election, from which one of their number shall be selected as clerk of election for each polling place:

1. Waldo—G. M. DeSha, J. T. Weeks, W. A. McLenna.
2. LaCrosse—L. Bailey, D. F. Conley, Alton Bales.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: We have been selling your Texas Wonder, Hall's Great Discovery, for two years and recommend it to anyone suffering with any kidney trouble as being the best remedy we ever sold.

Yours truly,

J. R. Young.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by J. W. McCollum & Co.

Marcus Endel, who has been in this city for the past two or three days, has gone to Lake Butler. Mr. Endel is State representative of the Endowment rank, Knights of Pythias, and is making good progress in this work.

For Rent—The Clarendon cottages at Seabreeze; splendidly equipped for housekeeping; to rent for the summer months. Fine bathing and fishing. Rent reasonable. "The Breakers" are now open for summer guests. For terms apply to J. B. Crocker, Cashier, Seabreeze, Fla.

The Messrs. Baughman, prominent citizens of Roseville, Ohio, were in the city yesterday. These gentlemen are looking for a home in Florida, and were here to consult the officials of the United States land office in regard to government lands. They were well pleased with Gainesville and this section, and may locate in Alachua county.

Mr. and Mrs. H. G. Smallbones, Jr., departed yesterday for Wilmington, N. C., which will be their future home. Mr. Smallbones was married on Tuesday afternoon to Miss Ellen Wells, a popular young lady of this city. J. Marion James, who came to attend the marriage, departed Wednesday for Palatka, where he will spend a few days before returning to Wilmington.

Oscar Gammage of Arcadia was in the city yesterday. Mr. Gammage formerly resided in this county, but became infatuated with the money-making plans of raising fruit and vegetables in South Florida, hence decided to move there. He is well pleased with his work in DeSoto county, but declares that old Alachua is still "the goods" when it comes to truck farming, or anything else in the agricultural line.

J. Bloxham Dell has opened a pressing club and tailoring establishment at 103 West Main street N., between Moseley's store and Benson's barber shop. Mr. Dell is an ambitious young man, and proposes to make a "go" of the business, if there are enough well dressers in town to do so. A competent tailor will be in charge, and everything possible will be done to make the place one to be appreciated by the public.

Edward Suggs and Chas. Ludlow of Miami were in the city yesterday. They were en route to Montezuma, Ga., where they have been employed in the peach industry. Mr. Suggs had the misfortune to lose his wife on December 18 of last year, the lady being a victim of a murder. The law and justice was vindicated, however, on Tuesday last, when the murderer, Ed Brown, a negro, who confessed his crime on the gallows, was executed.

WILLIAMS WAS HELD.

Man Alleged to Have Broken Into LaCrosse Store Failed to Give Bond.

Deputy Sheriff J. W. McCann of LaCrosse was in the city Wednesday. He brought a prisoner, Jim Williams, colored, who was arraigned in Justice Knight's court upon a charge of breaking and entering, and who was committed to jail in default of a $250 bond.

It is alleged that Williams entered the store of Link Parker, where he helped himself to a box of cigars and other things, and $1.55 in cash, which had been left in the drawer. If he is convicted it will be a costly proposition for Williams.

SUNDAY EXCURSION.

Gainesville and Gulf Will Give Excursion Rates to White Springs.

In compliance with the regular summer custom, the Gainesville and Gulf railroad will on next Sunday inaugurate the regular summer rate of $1 for the round trip between this city and White Springs. This rate will afford our people an opportunity to visit this popular resort and spend a day at a very moderate cost, and the probability is that White Springs will be well patronized by Gainesville people the coming summer.

Funeral of Mrs. Williamson.

The funeral of Mrs. J. Carl Williamson, the sad death of whom occurred at her home in Pollard, Ala., on Monday, was held at Hawthorn, Wednesday, Rev. F. B. Haynes of the Methodist church of that town officiating.

Deceased was formerly Miss Stringfellow, daughter of Judge and Mrs. R. H. Stringfellow. She was a young woman of exceptional fine qualities, and was loved by all who knew her for her gentle nature.

The funeral was largely attended, many friends attending from a distance to show the last respects.

The Sun extends sincere sympathy to the bereaved husband and parents in this misfortune.
